ZabarDost Rockstar

“Few people have the talent to multitask and still excell at everything. Dheer is a perfect example of that. This year, I noticed that he had a lot on his plate and still managed to come to school and give his 100%”
-Priyanshi.

Dheer joined Riverside in K2, walked in, wearing a checked shirt. A quiet fellow, with these big, innocent eyes that would soon attract hordes of girls in the coming years. From a young age, he's been brilliant at gauging what the other person feels and knowing which buttons to push. He's shown time and again, his strive for quality, confidence and incredibly humbled nature even with all the talent that he has been gifted with.

Ansh Chordiya

The Naturalist

"It's been around 9 years since I've know Vish but around 7 years since we've been best friends. With Vish the smallest things matter. The shell he's built around himself hides a person that is so understanding and vulnerable. Not everyone gets to see that side of him but honestly I am glad I do because he is honestly one of the most amazing people I've ever met. I am really glad we NJ started talking that summer I left riverside and I wouldn't have had it any other way. I am going to miss you a lot man."

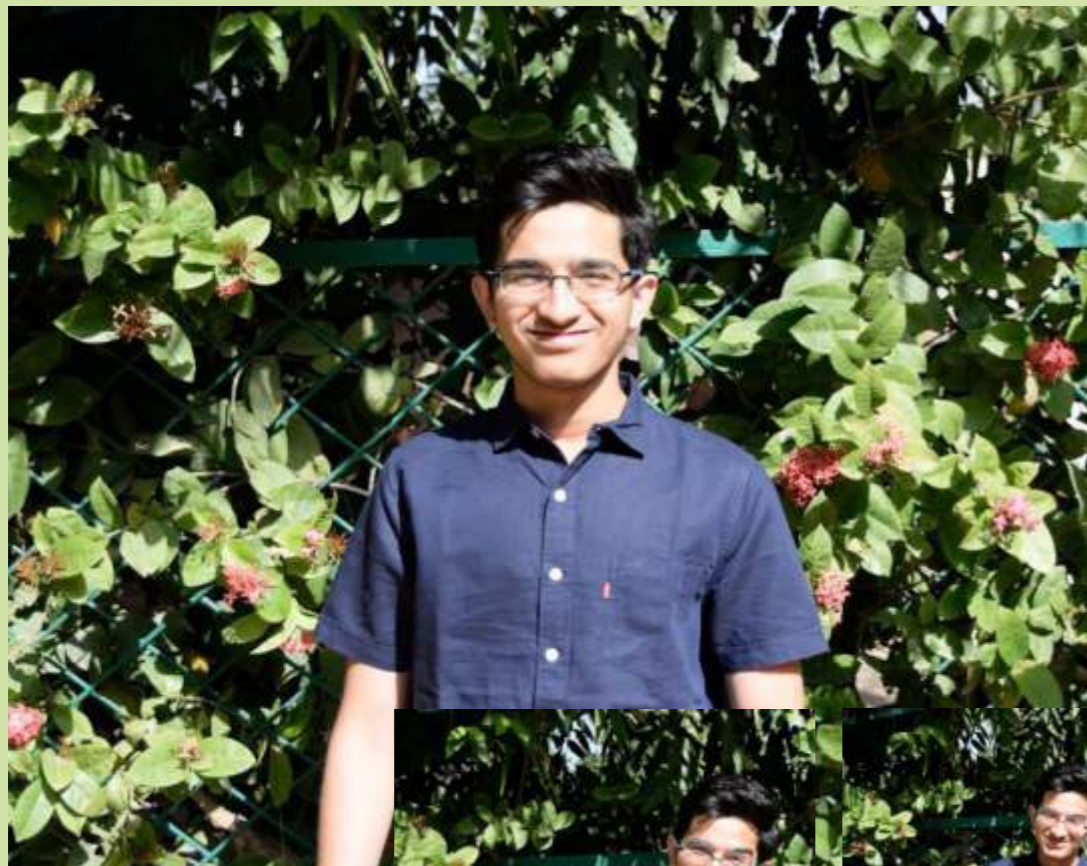

-Raghav

Ansh is a person who has always put others needs over his. He almost broke his back while carrying Meghraj for the Te Amo dance and despite that he didn't give up and made sure Meghraj and Grade 4 got an opportunity to shine. He even drove halfway to school, early in the morning whenever Sukriti missed the bus.

-Raghav

Over the years in Riverside, Vishwesh has showed us that he is very calm and the most open friend. You can talk to him about anything you want to, from amazing marvel movies to a newly released FIFA game. That's why we love going to Vishwesh; he will always be open so that he gets to know you.

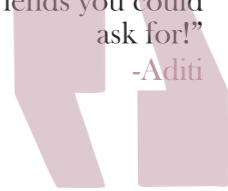

Future Jani

Miss SunBeam

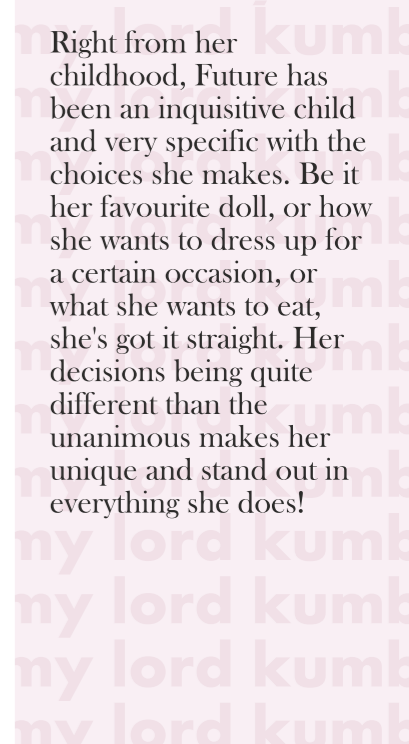

“Future can come off as someone who is shy and closed off but once you know her she is nothing short of a firecracker. She's extremely funny and is one of the best friends you could ask for!”

-Aditi

Right from her childhood, Future has been an inquisitive child and very specific with the choices she makes. Be it her favourite doll, or how she wants to dress up for a certain occasion, or what she wants to eat, she's got it straight. Her decisions being quite different than the unanimous makes her unique and stand out in everything she does!

Vachini Jariwala

The Counsellor

“Vachini is someone who has grown immensely in Riverside. Over the years I have seen her become someone who can get along with anybody and can make anyone feel comfortable and welcome. She's also extremely passionate about dance and that is so visible in everything she does!”

-Aditi

She has always had a kind heart; her peers have been highly inspired by her participation at Red Cross. She adds a positive vibe to the place and is always proactive to take any responsibility. For her friends, Vachini is their true rock star who makes each of them feel special and this is one of the qualities that make her special.

Aarti Jarwani

Scholar Rani

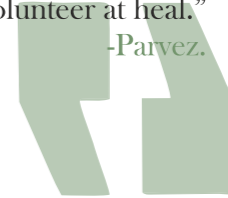

Aarti is one of the few people who are always ready to go that extra mile, take that extra step, sacrifice a few hours of leisure, to ensure that not only her but colleagues are on the same page. She will always ensure, be it academics or any other extracurricular activities that everybody participates equally and gives their best.

Suraj Jethani

Insa-Niyat

“Over the past 2 years I have seen Suraj growing and becoming more matured! He is always there when anyone needs him and he is an excellent volunteer at heal.”
-Parvez.

People who stay quiet are always good listeners. Suraj is exactly one of them. He has always been that quiet, shy boy in the corner of the room who stands out even in a class of noisy kids. His close friends call him “Suri” while his family members call him “Bhaktu” but we prefer calling him, just, Suraj. He is exactly what his names describes him as he is as bright as the sun.

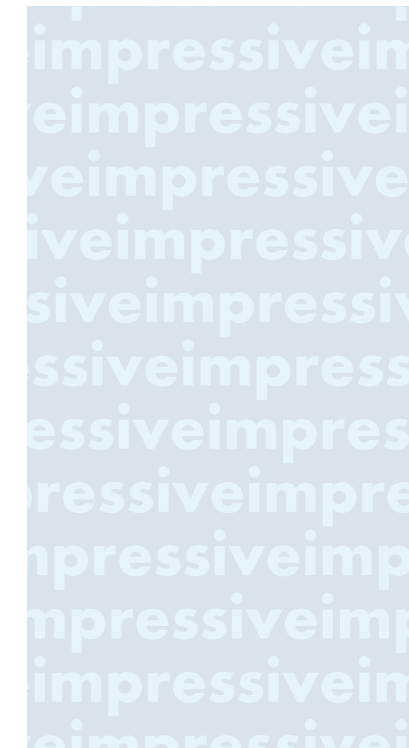

Priyanshi
Khandelwal

Miss Dabbang

“She’s not just a mere friend to me but someone who I adoringly look up to. Her beaming confidence and amazing audacity to speak her mind out and take up every single challenge has always induced courage in me too. She’s truly one of those rare people who is a friend to all and enemy to none. Lastly, what really makes her different is her intense love for pani-puri. I will never forget those moments with her when we guzzled up multiple pani-puris together.”

-Aarti.

Aditya Mehta

Captain Baazigar

“Adi's a great friend, and great fun to hang out with. He's as ready with a horrible pun as he is with a helping hand.”

-Vishwesh

He has been invaluable to Riverside, its community and its aura. He completely dedicates himself to anything that inspires and motivates him giving in his hundred percent. He is a mischievous presence amongst his classmates, who is always willing to pick up a bat and ball and have a cricket match in the hall or the classroom itself, approach any grade during breaks to a quick game of handball or football.

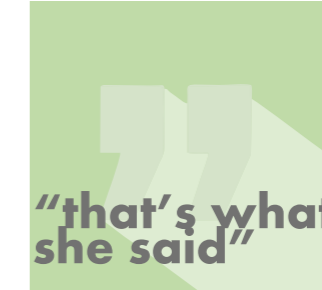

Raghav Mehta

The Kaleidoscope

“Raghav is very passionate, getting incredibly excited over the newest tech or the latest collaboration of his favorite artists. He gives insightful advice, telling you how it is instead of what you want to hear. He’s an amazing friend, always there to support his friends and lend a helping hand.”

-Vishwesh

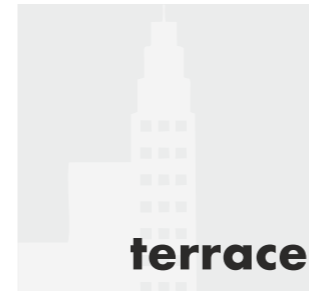

You always get up, and you always find the strength to be an amazing friend while dealing with your problems. Raghav, you have an extremely selfless attitude that we beyond doubt admire you for. You notice the tiniest things of people especially when they're not feeling so great and will try your level best to cheer them up. Being sensitive? That is good.

Captain CANtrol

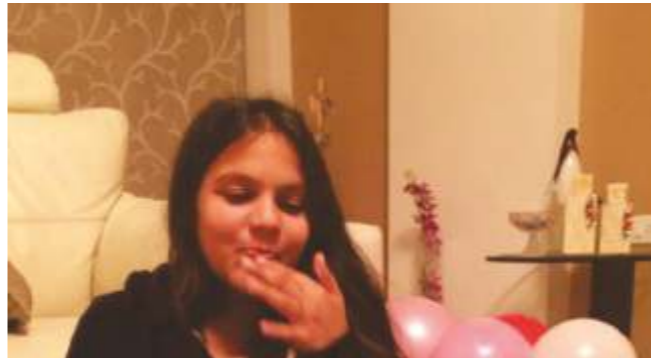

“I have never seen a more patient, dedicated, and loyal person than Isht. He might not be the first person to raise his hand in class but he definitely the first person who'll text you when you're feeling or when you wish to celebrate.”
-Aashna.

Mila Rae

Mademoiselle Enigma

Mila's journey in Riverside began back in K2- from being a cute little girl to becoming a strong young woman she is now. Although she is one of the youngest in her class, she has known to be extremely mature and confident which is one of her greatest qualities. Some people like to say one thing and mean another, but Mila is a straightforward and genuine person.

Aashna Shah

Lady ImpActor

"She has always been extremely dependable accountable - you know that if you need something done, she'll be ready to do it and the task will go by without a hitch. She's also very attentive and knows how to lighten up anyone's day with her silly jokes and accents."

-Aditi

Ever seen this remarkable person dance? I guarantee she could leave anyone in absolute awe, especially since she pours her heart out like a shade of orange while performing each step. Trust me, we are all trying to get infected with the unbelievable amount of creativity she posses. Everyone harbours talents, but she is more than just skills, she is talented because she has the capabilities to use her values beyond just herself.

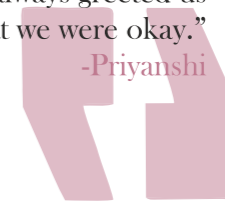

Ira Shukla

Miss HEARTistic

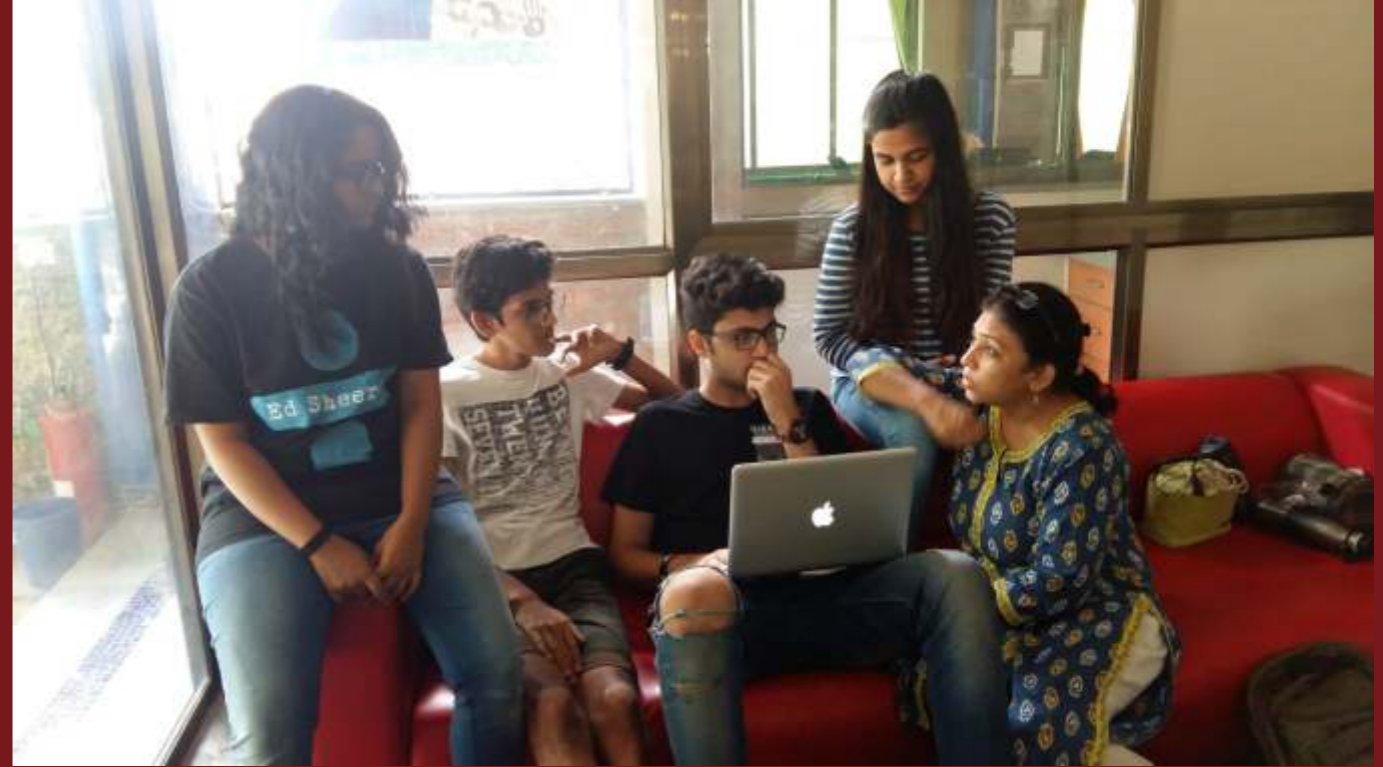

“Regardless of everything that went on in her personal life, she was constantly there for each one of us. With a smile on her face, she always greeted us and made sure that we were okay.”

-Priyanshi

Her ability to find happiness in little things always keeps her in a bubbly aura and sends off positive vibes to great lengths. How many people have we met that can proudly state they came to third place for a backpacking competition in kindergarten? Or celebrate for washing their long hair within five minutes to reach the bus stop on time? Or joyfully accept that they have commitment issues?

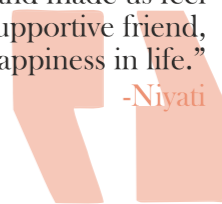

Paramveer Singh

The Humanist

“Paramvir is an extremely helpful and kind soul. He is one of those few people who will always be there to make you smile! Over the past 2 years, he has always done something for everyone's birthday and made us feel special. He is a loyal and supportive friend, and I wish him all the happiness in life.”

The President

“Didn’t have a great start when we first met but its completely the opposite now. A different person altogether and also one of my go to people now for any problem I have. Even after graduating I dont think ill be able to leave her alone.”

-Ansh.

Aditi Tripathi

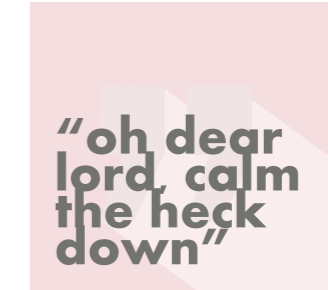

Miss Excellerator

“Aditi has always been a friend to count on and has displayed great character in various aspects be it persistence or managing the sports day. She is someone that I can genuinely trust and am really grateful for!”

Since the time she joined Riverside, Aditi always has been open and confident. She can be seen standing right in the front and speaking with utmost confidence even in all the Key Stage One documentation videos. Her persuasiveness which stems largely from her command over English has always left people spell-bound and very often only wanting to listen more.

Viraz Wadia

Baba sTALLwart

“We joke that he is a teddy bear in human form and honestly, that is completely true. From his warm hugs to endearing personality, Viraz is someone you always want around you. He is an excellent friend who is always there for you.”

-Aditi

One has to spend few moments with him to know that Viraz is a gentle, empathetic and genuine old soul. And of course what makes him stand out is his gobsmacking height and charming personality. As a brother he is protective but God forbid you ask him to share his game remote, then comes out the devil in him is what Kurush has to share.
